

Dear members,

We believe strong gun-control laws are necessary for public safety. The opposite, lax gun laws, costs innocent lives!

Please, we beg you to vote in favor of the following proposals as described in the list from Gun Violence Prevention Working Group. ref:

(<http://www.cga.ct.gov/asaferconnecticut/docs/Democratic%20Consensus%20Proposal.pdf>)

Also please vote in favor of increased penalties for any gun-related crimes. Those who have hurt or killed people should not be back on the streets to do it again.

Thank you.
